

9. Register - Section 53 (5) Applications for Modification Orders under Wildlife Countryside Act 1981.

The Council is required to keep a public register of all outstanding Definitive Map Modification Order (DMMO) applications.

Registers will be updated on a regular basis. The application and map for each case are scanned into a case file as adobe pdf documents. Applications are published in paper format, and electronically on the website. Case files are cross-referenced by a unique number to the file reference column in the registers (and path number). This register can be seen below.

Information requests about any of these applications should be addressed to St Helens Council, Contact Centre, Wesley House, Corporation Street, St Helens, WA10 1HF. Enquiries by email should be addressed to: www.sthelens.gov.uk/contact-us.

A public right of way (Prow) is a way over which the public have a right to pass and repass. Rights of way can be found in towns, villages, and the countryside. Some paths may be surfaced although most are tracks across countryside owned by landowners.
