Toddler Quality Toolkit for Childminders

The significance of Early development is now well established and with the increase in provision for two-year-olds, this excellent Toolkit provides a helpful and valuable framework for practitioners to review current provision and build optimal quality practice for two-year-olds. The toolkit covers 4 sections:

- Introduction
- Activities
- Audits & Resources (Leadership and management, environment, working in partnership and transitions)
- Development Planning and impact.

This toolkit requires all course attendees to be engaged and involved in sharing ideas and practices, All 3 sessions must be attended to complete the training.

Date: **Session 1 – Thursday 29th January 2026**

Session 2 – Thursday 19th February 2026

Session 3 – Thursday 5th March 2026

🕒 Time: **6:30 – 8:00pm**

Achievement – Workshop. Understanding Ofsted’s Early Years inspection toolkit (Group-based providers)

In preparation, please read and reflect on the Curriculum and teaching section of the Early Years Inspection Toolkit, pages 26-28. High-Quality Education and Readiness What does it mean for a setting to provide a high-quality education that prepares children for the next stage, including school? How do we ensure that all children—especially disadvantaged children, those with SEND, and those facing barriers—gain the necessary knowledge and skills for future success? Progress Across the EYFS Areas How do we measure and support children’s progress from their starting points across the 7 areas of learning and development?

What strategies help children to “know more, remember more, and do more” in practice? Equity and Inclusion What approaches can we use to close gaps for children who are disadvantaged or have additional needs? How do we balance ambition with accessibility for every child?

Date: **5th February 2026**

🕒 Time: **10:15 – 11:15am and 1:15 – 2:15pm**

(This is a repetition of the same session only one session needs to be attended)

Baby Quality Inclusion Network

These sessions are designed for early years practitioners working with babies who want to strengthen their practice and share ideas with colleagues across the sector. What to expect: Three-Part Programme – Attendance at all sessions is essential to complete the training. Practical Resources – We will use an audit book throughout the sessions, and every setting that completes the programme will receive a copy to support ongoing quality improvement. Collaborative Learning – Gain fresh insights, exchange best practice, and build confidence in delivering exceptional care for babies.

Date: **Session 1: Friday 6th February 2026 Session 2: Friday 20th February Session 3: Friday 6th March 2026 (All 3 sessions must be attended)**

⌚ Time: **9:30am – 12:00pm**

📍 Location: **Sutton Family Hub**

Oral Health Awareness

Hi All,

We have a number of requests for further oral health training. To make it as accessible as possible the training will take place on the **18th of February 2025, at 9:30am, online**, please see below for further details.

The Wellbeing Service have been commissioned to deliver increased support around oral health in St Helens, this includes:

- a training offer,

- working closely with identified settings in areas of most need
- and also providing oral health resources for St Helens children

Why is better oral health important?

Tooth decay is the most common reason for hospital admission in children aged six to 10, and children living in the most deprived communities are around 3.5 times more likely to have teeth extracted than those in the most affluent areas. On average 3 days of school are missed per year due to dental problems, which also can have significant impact on earning potential. Oral health and healthy teeth influence being able to eat a healthy diet to aid growth, speech development, and is key to social development and learning. Early habits of good oral hygiene need to be established to prevent these problems.

In St Helens, more than a third of our children aged 5 have visual tooth decay. The percentage of 5-year-olds with any experience of tooth decay is worse than the England average.

Training Offer

There have been training dates identified for all professionals and volunteers working directly with families. For those attending the training there will oral health packs available for families they are working with. The packs will include an easy read leaflet on caring for your child's teeth, tooth paste and toothbrush.

Please see below link to book on the training:
