

## St Helens Local Plan Examination

### Matter 1 (Tuesday 25 May 2021) – Action Notes

Action number	Action	Status	Notes (as appropriate)
1	Check the address reference in the GBR 2018 in relation to AC06 (proposed anomaly change). 38 and 38a should refer to 83 and 83a. Confirm whether there are any issues of soundness in relation to this.	Complete	This was flagged in the LPSD consultation, and is referenced accordingly in the Consultation Statement (SD004). It is explained that this was simply a typographical error. Confirmation is provided that the LPSD consultation was not adversely affected, as the consultation was based on the site boundary as mapped in Appendix I of the GBR 2018, which is correct.
2	Check whether Bold Parish Council was consulted as part of the LPSD consultation, as well as the neighbouring Parish Councils in this area.	Complete (update provided during the Matter 1 session)	Confirmation was provided that Bold Parish Council was consulted and hard copies of documents were provided, and they attended a presentation on the Local Plan (on 4 February 2019). Burtonwood and Great Sankey Parish Councils submitted representations at Preferred Options stage, and were consulted at LPSD stage. LPSD representations were received by Bold and Burtonwood and Westbrook Parish Councils.
3	Council to consider whether reference to the climate change emergency should be made in the Plan.	To be considered, and if changes to be made to the Plan, it is to be done through the main modifications schedule	
4	Produce the Highways England SoCG (at the latest in advance of the Matter 4 sessions)	Complete	
5	Review the SA, in particular Tables 6.1, 6.2 to check the scoring is consistent with that in the SA proformas, and remedy any factual errors	In progress (to be put before the examination in advance	

	only. Check Table 6.3 rationale text (with specific reference to site ID 31). An update note to be produced.	of the start of the Matter 4 sessions if possible)	
6	Provide an update in relation to the air quality monitoring situation at Florida Farm, in response to query raised by Mr. Parkinson	Complete	Air quality data provided to Mr Parkinson via the Programme Officer.
7	Check site boundaries between the GBR and SA and confirm whether there had been any change, in response to query raised specifically in relation to the site Mr. Suckley is representing.	In progress	
8	Prepare a brief paper in respect of the Council's site selection process to inform Matter 4 discussions.	Complete	
9	Update reference in the HRA in relation to 1HA (functionally linked land) and a factual error in relation to 8HS (Story Homes site) in relation to reference to a European site	To be updated as part of a need to revisit the HRA at the main modifications stage.	
10	Update draft main modification MM002 (SHBC010) in relation to the point around 'smaller development proposals', as per the Council's response to q29 in the Matter 1 statement.	To be done as an update to the draft main modifications schedule
