BUILDING CONTROL NEW CHARGES SCHEME

Schedule 3 - (Building work to non – Domestic / Commercial Buildings) Guidance Notes

This new scheme comes into effect as of the 10th January 2022
Before You Build

You or your agent must advise the Council of your intentions either by submitting a Full Plans Application or a Building Notice. The Charge payable depends on the type of commercial works, and / or the total floor area. The following table may be used in conjunction with the St Helens Council Scheme of Charges to calculate the appropriate fee(s) for Building Control Applications.

Charges are Payable as Follows –

Full Plans Applications:

Plan Charge – Payable at time of submission to cover the plan assessment and decision on the application.
Inspection Charge (If Applicable) – Payable following first the site inspection and covering all site inspections.

Building Notice:

If you submit a Building Notice, the appropriate Building Notice charge is payable at the time of submission and covers all necessary checks and site inspections. In most circumstances a Building Notice will not be applicable for works carried out under Schedule 3. However, if a Building Notice can be used the Building Notice Charge is equal to the sum of the plan charge + inspection charge.

Regularisation

If you apply for a Regularisation Certificate, in respect of unauthorised building work, commenced on or after 11th November 1985, you will pay a regularisation charge cost of assessing your application and all inspections. The charge is equivalent to the Combined Plan and inspection Charge (exc. VAT) + 25%.
