

How to Notify of New Sickness on MyView

On the dashboard you will be able to see your holiday and bank holiday entitlements under the Leave Management widget.

You can click on the 'request' button and select 'Notify new sickness'.

The screenshot shows the MyView dashboard for user JENNY. The dashboard is divided into several sections: 'My Pay' (showing 'You've been paid' for 21 July), 'Leave Management' (showing 189.9 hours available and 150.5 hours taken), 'Authorisation' (showing 1 absence), 'In Progress' (showing no forms in progress), and 'Reporting Services' (showing a pie chart for 'MV004 - MV Logins My Team'). A 'Request' button is highlighted in the 'Leave Management' widget, with a dropdown menu showing 'Notify new sickness' selected.

This will bring up the notify new sickness process box. You will notify of a sickness in the same way as you would book a holiday (if applicable).

The screenshot shows the 'Notify new sickness - Sickness' process box. The form includes the following fields and options:

- Type: Sickness
- Comments: [Text input field]
- Dates: Full Day, 1st Half, 2nd Half, Open Ended
- From *: 24/10/2022 [Calendar icon] [Email icon] [Radio buttons]
- To *: [Calendar icon] [Radio buttons]
- Days: Total Time [Text input field] [Confirm planned work time button]
- Reason *: --Select-- [Dropdown menu]
- Reason Type *: --Select-- [Dropdown menu]
- Cert Type: --Select-- [Dropdown menu]
- Close button

Enter any comments for your manager in relation to the sickness in the **comments** box.

Enter the date of which you are notifying your manager of sickness absence. Please don't forget to contact them by telephone too.

Mark if the date is a full day or select the first half or second half of the day to enter the hours you are absent.

You can enter the end date of your absence. **Please remember, If this date is to be extended or brought forward, you would need to amend this.**

If you don't know the date of return, you can mark the absence as **'open ended'**. **Please remember, when you return, you need to update your 'To' date. As this may have an impact on your pay.**

Once you have entered the dates click on **'Confirm planned work time'**.

As the system does not hold specific work patterns, you will need to confirm your contractual hours for the period applicable to your leave.

Your contractual hours will automatically be spread across a standard 5 day working week. You will need to amend the hours to reflect your actual working week for the period of sickness.

This is in calendar view, so if your working week extends into the following calendar week, but your sickness does not, you do not need to include this.

The system may warn you about the hours you have inputted, but once you confirm a second time, it will allow you to press save and then submit.
